Artistes et créateurs, solidaires de l'Ukraine

Artistes, auteurs, compositeurs et créateurs du monde entier, issus de tous horizons, œuvrant dans tous les champs artistiques, toutes les esthétiques et toutes les langues, composant la diversité culturelle et créative si chère à notre monde, nous nous unissons aujourd'hui pour parler d'une seule et même voix et exprimons notre solidarité avec la population ukrainienne.

Nous ne détournerons jamais les yeux de l'agression brutale infligée aux Ukrainiens par les forces armées russes. Parmi ces victimes innocentes figurent aussi des créatrices et des créateurs, nos frères et nos sœurs, qui par leur travail, inspirent et font vivre la richesse culturelle de l'Ukraine.

Nous demandons à la Russie de cesser de tuer des civils innocents, de détruire des villes, de s'attaquer à la liberté et à la démocratie, de violer les droits de l'Homme et de s'en prendre à la culture et à la liberté de créer.

Nous souhaitons nous appuyer sur la puissance collective et fédératrice des créateurs du monde entier, y compris ceux qui, en Russie, bien qu'incapables de s'exprimer, sont consternés par l'action de leur gouvernement.
